About Fighting Hunger & Fueling Minds

Fighting Hunger & Fueling Minds began in February 2013 with the goal to support students experiencing food insecurity.

Our program has grown and is a collaborative effort between schools, community organizations, churches, and individuals. FHFMM partners with Loving Hearts Outreach as a place to store and pack our food bags. Each week, WHS Missouri Options students pack the food bags. Community volunteers then deliver the food bags to our schools.

School-Wide Food Drive February 2023

During the month of February, we are hosting a school-wide food drive. Each school is given a specific item and the school with the most items wins bragging rights, along with a jeans week! Your school's food drive can include students, staff, and parents- however you would like to organize the drive for your school.

**If you would like to learn more about the program or have any questions, please contact Lindsey Jasper, School Social Worker:
